

ATS STEM

Assessment of Transversal Skills in STEM

Development and assessment of transversal skills

Digital assessment

Integrated STEM curricula development

What is ATS STEM

Assessment of Transversal Skills in STEM is an innovative policy experimentation project being conducted across 8 EU countries and involving a partner network of 12 educational institutions and government organisations. It aims to enhance digital assessment of students' transversal skills in STEM (Science, Technology, Engineering and Mathematics). The project aims to provide teachers with efficient and necessary digital assessment approaches in development of students' transversal skills in STEM education.

Project partners

Co-funded by the Erasmus+ Programme of the European Union
